MANAGED RECRUITMENT

Steria Recruitment has the resources you need to drive performance through people. Our flexible contract resource pool is designed to deliver a wide range of business skills to your organisation as and when you need them, aiding business continuity and helping you cost effectively drive performance.

Resource capability

We provide you with business, operational and IT skills across your organisation, quickly and with the appropriate level of experience, whether you need an individual expert or a complete project team:

- **Business and Administration:** from Supply Chain and Procurement Manager to Marketing Specialist and Project Office Manager
- **HR:** from HR Director and Employee Relations Specialist to roles in Learning, Training and Development
- **IT:** from Programme and Project Manager to Analyst and Helpdesk Support
- **Executives:** from CEO, CFO and COO to Senior Management positions
- **Finance:** from Financial Controller and Chief Accountant to Payroll Clerk
- **Operational:** from Operations Director to Helpdesk Operator and Customer Support Agent.

Breadth and quality

The breadth of contractor skills we provide you with is matched by our sophisticated recruitment and screening techniques. This ensures that the contractors joining you are of the quality you need to meet your requirements.

We add value to your business by:

- Taking the time to understand your business so that the contractors we select easily integrate with your existing teams
- Using our extensive resource database and best of breed jobboards and social networking techniques to gain access to thousands of potential contractors
- Managing your time consuming tasks such as contractor evaluation, pre-screening telephone interviews and personal checks
- Only putting forward contractors who we know are up to the job in hand
- Carrying out regular progress reviews to ensure that the contractors we place with you remain on track to deliver the outcomes you demand
- Providing management reporting against key performance metrics agreed with you.
